Expression of thanks.

SC 27/WG 3 thanks the CCDB for their Liaison Statement (SC 27 N 7086) and associated presentation as given by the Liaison Officer at the Redmond, USA, meeting, which has been considered very beneficial for the ongoing activity in the development of International Standards of SC 27/WG 3.

SC 27/WG 3 welcomed David Martin as the CCDB Liaison officer and agreed to also appoint him to the role of SC 27/WG 3 Liaison officer to the CCDB, subject to SC 27 approval.

Progression of work on Evaluation criteria for IT security.

SC 27/WG 3 thanks the CCDB for the modifications and justifications for changes in release 3 of CC version 3.1 in a form suitable for use as a corrigenda. This input is the basis for the update of ISO/IEC 15408 and 18045 via corrigenda.

SC 27 will initiate a new work item to develop a Technical Report (TR) which will provide guidance for the developer and the evaluator on how to use the CAPEC as a technical reference point during the TOE development life cycle and in an evaluation of the TOE secure software under ISO/IEC 15408 and 18045.

ISO PP Registry hosting

SC 27/WG 3 were informed during the meeting that it seemed likely that the work to co-locate the ISO PP registry with the CCRA web server would not take place now. Since it was known that a new host for the Common Criteria Portal site is likely to be discussed at the next CC Executive Subcommittee meeting, the group would appreciate consideration being given to also hosting the PP registry.

Meeting dates.

SC 27/WG 3 thanks the CCDB for the provided information of the estimated CCDB meeting calendar. The WG 3 meeting plan is as follows:

- April 2010 Working Group and Plenary Meetings in Melaka, MY
- October 2010 Working Group Meetings in Berlin Germany
- May 2011 Working Group and Plenary Meetings in Singapore
- October / November 2011 Working Group meetings in Nairobi (Kenya)
